HOT FEATURES. SIZZLING WORKOUT!

You slip on your joggers, you're ready for action.

Just step onto the cushioned deck, plug in your MP3, switch on the fan and you're transported... You feel alive, your body is invigorated...

You need an awesome machine with the grunt and features to make your workout sizzle!

A SUPERSIZED RUNNING DECK. THE EXHILARATING FEELING OF FREEDOM!

You'll enjoy the luxury, no matter your height. This exceptionally sturdy deck gives you the extra comfort and space for a long stride!

THE CUSHIONING... NOT ONE BUT TWO SYSTEMS!

Air Flex™ Dual Cushioning – it's like walking on grass!

CardioTech's twin ultra low impact cushioning systems provide ultimate support for your joints. Pictured is a section from the network of high density rubber cushions designed to absorb impact and protect joints, ligaments and back. Whether running or walking... with Air Flex™ you're protected. Air Flex™ is a top line feature, exclusive to **CardioTech**.

THE QUALITY... ALPHA ENGINEERED™ FOR OPTIMUM PERFORMANCE!

'New Generation Technology' makes the BreakFree a revolution in treadmill design! With Dynamic Stability Control™, dual cushioned Air Flex™ deck and double weave/anti static belt, you'll achieve a much smoother ride.

Our precision machined high tensile steel frame is guaranteed for life! Together with 60mm rollers to reduce vibration and increase belt life, plus stainless steel ball race bearings... that's ultimate durability.

THE ULTIMATE HOME TREADMILL EXPERIENCE...

YOU HAVE GOALS TO ACHIEVE... WEIGHT LOSS... FITNESS... BODY SHAPE.

YOU'RE DETERMINED. NOTHING WILL STOP YOU.

Step onto the BreakFree and feel it propel you toward your target with all the latest features to keep you on track. No fierce dogs, no bad weather, no fumes, no danger... no excuses!

WHY COMPROMISE...

HAND GRIP SMART KEYS

At the touch of a button, go from a gentle walk to a brisk run. Best of all, they're on your hand rail so you maintain pace and rhythm conveniently at your fingertips.

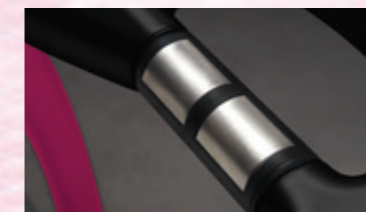

LCD DISPLAY

Gives instant feedback at a glance for speed, body fat, time, pace, distance, incline, pulse... and calories!

EMERGENCY STOP SAFETY KEY

If the unexpected happens, power to the BreakFree instantly cuts out.

PULSE GRIP HEART RATE SENSOR

Your heart rate – it's your way of knowing if your body is working hard enough... for general fitness and burning fat. Your BreakFree will speed up and slow down to keep you in the Fat Burning Zone. It's automatic!

+ CONSOLE SMART KEYS

Adjust from a gentle walk to a brisk run. Best of all, they're on your hand rail so you maintain pace and rhythm at your fingertips.

+ AUTOMATIC MAT CENTRING

Adjust your mat? No Need! The CardioTech BreakFree automatically controls drift. No tools. Easy!

Unlatch the deck for safe hands-free lowering. Precision hydraulics support the weight - makes folding and storage a breeze!

+ CALORIE COUNT, JUST WATCH 'EM BURN!

+ 3 LEVELS MANUAL INCLINE

SOMEONE YOU CARE ABOUT HAS DIABETES.

THE DIABETES QUEENSLAND PARTNERSHIP.

Diabetes is the world's fastest-growing chronic disease. It's the sixth-leading cause of death in Australia. In fact, more people die from diabetes and its complications than from breast and prostate cancer combined. Diabetes is a complex condition that turns lives upside down. It can profoundly interfere with and affect everyday life and can lead to nerve damage, limb amputation, blindness and kidney failure.

CardioTech recognises and supports Diabetes Queensland's message that regular exercise provides specific benefits for people living with type 2 diabetes, as well as helping to reduce your risk of having diabetes in the future.

CardioTech is particularly passionate about this cause and is determined to be part of the solution, helping make exercise a part of your every day.

By purchasing your BreakFree Treadmill, you are helping Diabetes Queensland to improve health and wellness for people currently living with all types of diabetes, and reduce the incidence of preventable diabetes in the community.

It's serious, it's widely prevalent. In fact, someone you care about will be diagnosed with diabetes.

To find out if you are at risk of type 2 diabetes go to www.diabetesqld.org.au and complete the 'Are you at risk' tool.
